## Online Banking Gets Even MORE Convenient

### New eAlert Feature Keeps You Up-To-Date On Account Activity

Many of our members who use Online Banking love the convenience and easy-to-use features. You have access to:

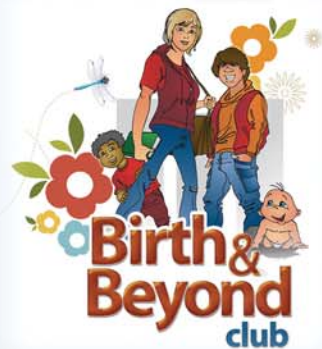

- Account balances
- Transaction records
- Account transfers
- View cleared checks
- E-statements
- And much more!

Now you can receive **e-mail notifications** on your account through Metro's eAlert system for virtually anything – when your balance goes above or below a certain amount, when a certain check clears, if a CD is about to mature, when a loan payment is coming due or just to get an update on your balance. You decide! Each eAlert can be sent to multiple e-mail addresses or cell phone numbers within minutes of the actual transaction.

To set up eAlerts, log in to Online Banking from our Web site, [www.metro.coop](http://www.metro.coop). Then click on Add eAlert. Choose the eAlert types you would like from the drop-down menu. You may edit or delete eAlerts at any time. Please remember, we do not recommend that you ever send any identifying information via e-mail. Please do not include your account number in the account nickname.

Please contact us if you have questions about this new, convenient service. If you choose to receive eAlerts through your cell phone, you may need to contact your service provider, and text-messaging rates may apply.
